

## Education

### Charotar University of Science and Technology, Changa

Sep 2022 – Present

Bachelor of Technology in Computer Science and Engineering

Nadiad, India

## Work History

### Skitre.AI

Nov 2024 – Present

Senior Software Developer (Next.js, TypeScript, Shadcn UI, MongoDB, TailwindCSS)

Remote

- Redesigned platform UI/UX with **Next.js** and **Shadcn UI**, improving mobile responsiveness and user engagement by **40%**, while implementing role-based access control for enhanced security
- Optimized API performance by **27%** through efficient MongoDB data fetching and caching, integrated real-time analytics improving decision-making by **30%**
- Led 4-developer team, improving productivity by **25%** through agile methodologies, code reviews, and mentoring initiatives

### 404DEV

Nov 2019 – Present

Founder (HTML5, CSS3, JS, Reactjs, Nextjs, MongoDB, RestApi, AWS, Figma)

Vadodara, India

- Founded and established **404DEV** in **2019**, leading a high-performing web development team to achieve 100% client satisfaction and 30% revenue growth in year one
- Implemented SEO strategies and server-side rendering, reducing page load time by **59%** (4.5s to 1.85s) while improving search rankings by **85%**
- Managed individual contributions towards achieving an impressive total of **30+** delivered web applications focusing solely on creating intuitive interfaces tailored specifically around users' needs and preferences discovered via feedback analysis sessions conducted post-launch

### Ethertech Pro Solutions

Apr 2018 – Oct 2019

Web Development Intern

Vadodara, India

- Demonstrated technical excellence through **CEBIT 2018** participation in Germany, earning recognition and internship opportunity at **age 16**
- Managed **4 social media** platforms with a focus on content strategy; achieved an average engagement rate of over **10%** per post by creating tailored content that resonated with target demographics while driving brand awareness

## Projects

### AttendX - AI based attendance app | React Native, Next.js, Nodejs, Flask

Jan 2024 – Dec 2024

- Engineered end-to-end solution achieving **99.99% accuracy rate**, integrating **Next.js** frontend and **Flask ML** for enhanced intelligence, improving accessibility by **30%**
- Implemented intuitive navigation features and ML algorithms, resulting in **25%** performance improvement and **20%** increase in user satisfaction

### MentoRship - Sail with the mentors | React Native, Nodejs, MongoDB, Express, Redux, WebRTC

Jan – Apr 2024

- Built mentorship platform using **MERN stack** and **WebRTC**, implementing real-time chat and matching algorithms, improving performance by **50%**
- Created community features and public sessions functionality, achieving **70%** faster communication and enhanced user engagement

### Smart Car Parking System using IoT and Cloud | React Native, Nextjs, IoT, AWS

Sept – Feb 2024

- Developed full-stack parking management system with **Firestore authentication**, **CRUD APIs**, and **MongoDB** integration, achieving **99%** security and **25%** efficiency improvement
- Pioneered innovative features including live reservations and adaptive pricing using the **Google Maps API**, which streamlined operations leading to an uptick of over **100** monthly active users within three months post-launch

## Achievements

- Finalist in **Smart India Hackathon 2023** and achieved **1740** on **LeetCode**, demonstrating expertise in advanced algorithms
- Solved **1000+** coding problems and qualified for **Facebook HackerCup 2022**, ranking in the **top 1%** globally

## Technical Skills

### Languages:

C, C++, Python, Java, Javascript, Typescript, GO

### Web Technologies:

Nextjs, Reactjs, Redux, Expressjs, Nodejs, MongoDB, HTML5, CSS

### Frameworks:

Flask, Django, MERN, RubyRails, Laravel, Bootstrap, PHP

### Software & Tools:

Figma, Postman, VS code, Git / Github, Linux, CMS

### Other Skills:

Object Oriented Programming, Computer Networks, Data Structures and Algorithms, SQL, API Development (REST API)
